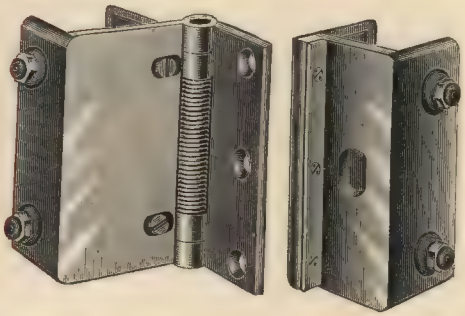
" **0597**. 3½x5 " " " " " " " " " **5.00**

DRAPER'S ADJUSTABLE CLAMP AND HINGE COMBINED

FOR WATER CLOSET DOORS



The CLAMP (which is a part of the Hinge) is made to adjust one-quarter of an inch, to allow for any variation in the thickness of the marble, thereby avoiding the necessity and expense of cutting marble to receive the clamp. The advantages of this feature will commend the DRAPER HINGE to those who apply such hinges, and to Architects and owners of buildings, who appreciate and insist upon having good work.

These HINGES are made for Doors from ⅞ to 1⅛ inch thick, with clamps adjustable for marble, 1, 1¼ and 1½ inch thick.

No. 598. HINGE, BRASS, NICKEL PLATED (To keep Door Closed), Per Pair, **$9.00**
